THERMAGE® | FRAXEL®

To Whom It May Concern,

I am writing to commend and recognize Innovations Medspa as an invaluable business partner for Solta Medical, Inc. Specifically, Innovations has consistently been one of our highest-volume Thermage accounts in the world and delivers terrific clinical results for patients with its Thermage treatments. In addition, Dr. Johnson has been an ambassador for the Thermage brand with his investment in advertising and public relations throughout the Dallas area.

Innovations' accomplishments over the past several years include being:

- 1) The first practice in the United States to offer treatments with the Thermage Body Tip 16.0.
- 2) The first practice in the world to offer treatments with the new and improved version of the Body Tip 16.0.
- 3) The highest volume Thermage practice in the United States in 2009, year-to-date.
- 4) The first practice in North Texas to offer treatments with our 3.0cm<sup>2</sup> deep and cellulite tips.
- 5) The first practice in North Texas to own the ThermoCool NXT (our current radiofrequency generator).

Please feel free to call me with any questions or concerns.

Regards,

Brian C. Gauck
